PROFILE

As a student at Sri Krishna Arts and Science College, I have an intermediate level of expertise in several programming languages, including HTML, CSS, JavaScript, C/C++, and Java. Driven by a strong desire to use technology to bring about constructive change, I am unwavering in my resolve to improve my abilities to take on complex problems and come up with creative solutions for a better future. I approach every task with dedication, continuously aiming for growth and self-improvement, and maintaining an unrelenting emphasis on excellence along with a persistent drive for both personal and professional advancement.
